County: (2002)	Data not available	\$10,910,277¹⁴

Existing Budget & Need- FY06-07

CABARRUS County

We Know What Works

Reducing Environmental Tobacco Smoke

- Smoking bans and restrictions

Increasing Tobacco Use Cessation

- Increasing the unit price for tobacco products
- Reducing client out-of-pocket costs for effective cessation therapies
- Multi component interventions that include client telephone support
- Mass media education campaigns combined with other interventions
- Healthcare provider reminder systems
- Healthcare provider reminder systems with provider education, with or without client education

Reducing Tobacco Use Initiation

- Increasing the unit price for tobacco products
- Mass media education campaigns combined with other interventions

Restricting Minors' access to tobacco products

- Community mobilization when combined with additional interventions (stronger local laws directed at retailers, active enforcement of retailer sales laws, retailer education with reinforcement)
